
PlantMetals Seminar Series 2024

Every 3rd Monday of the Month @ 09:45

Zoom Meeting

<https://cesnet.zoom.us/j/95583584094?pwd=Y3NSNzJDd1FETDIBRm5tV2VzQWxnZz09>

Meeting ID: 955 8358 4094

Passcode: CA19116WG2

Program

- June 17, 2024** **Dr. Matthias Wiggerhauser**
Plant Nutrition, ETH Zurich, Switzerland
«Isotope Fingerprints to Investigate the Role of Thiols to Separate Zn from Cd in Plants»
- July 15, 2024** **Alexandra Lešková**
Institute for Plant Sciences of Montpellier (IPSiM), France
«Role of NRAMP2 transporter in seed manganese partitioning»
- Aug. 19, 2024** **Prof. Sébastien Thomine**
Cell Biology Department, CNRS, Paris, France
«Duplication of NRAMP3 gene in poplar generated two highly homologous transporters with distinct functions»
- Sep. 16, 2024** **no seminar** (COST Meeting in Ljubljana/Slovenia)
- Oct. 21, 2024** **Prof. Hendrik Küpper**
Institute of Plant Mol. Biology, BCAS/JCU, České Budějovice, Czech Republic
«Disturbed electron transport beyond PSI changes metabolome and transcriptome in Zn-deficient soybean»
- Nov. 18, 2024** **Dr. Filis Morina**
Institute of Plant Mol. Biology, BCAS/JCU, České Budějovice, Czech Republic
«Metal metabolism in plant-galler interactions»

Dec. 16, 2024 **Prof. Janneke Balk**
Department of Biochemistry and Metabolism, John Innes Centre,
Norwich, UK
«tba»
